

## What is a Chamber of Commerce?

The Lake Township Chamber of Commerce is the business community working together. It is the central agency that corrals the forces of the community for its improvement and development - in business, industry, and in the professions.

Together, the Chamber does what no person can do by themselves.

### **A new business partner**

Your most valuable, yet lowest paid employee taking as much interest as a partner but leaving you the boss. Entire committees of top-flight business and professional executives voluntarily work to improve your business opportunities and living enjoyment.

### **Another pair of eyes**

The Chamber is Lake Township's only business organization working full time looking at and attending to many details of making our area an even better place to live and earn a living. Yes, it provides eyes of specialized observers who maintain a watch on those matters which affect every citizen in the community.

### **Another voice**

Through the Chamber you can voice your views on legislation, taxes, civic affairs, employment, trade, transportation and other important matters. Joined with the opinions of other civic and business leaders your ideas are amplified through a cooperative "voice of business" and acquire additional strength.

### **Another pair of hands**

The Chamber staff answers hundreds of inquiries a year relative to every imaginable question concerning the township and area. The inquiries would go unanswered if there were no Chamber of Commerce. The goodwill and accurate information furnished has an incalculable value to Lake Township.

### **A tireless salesperson**

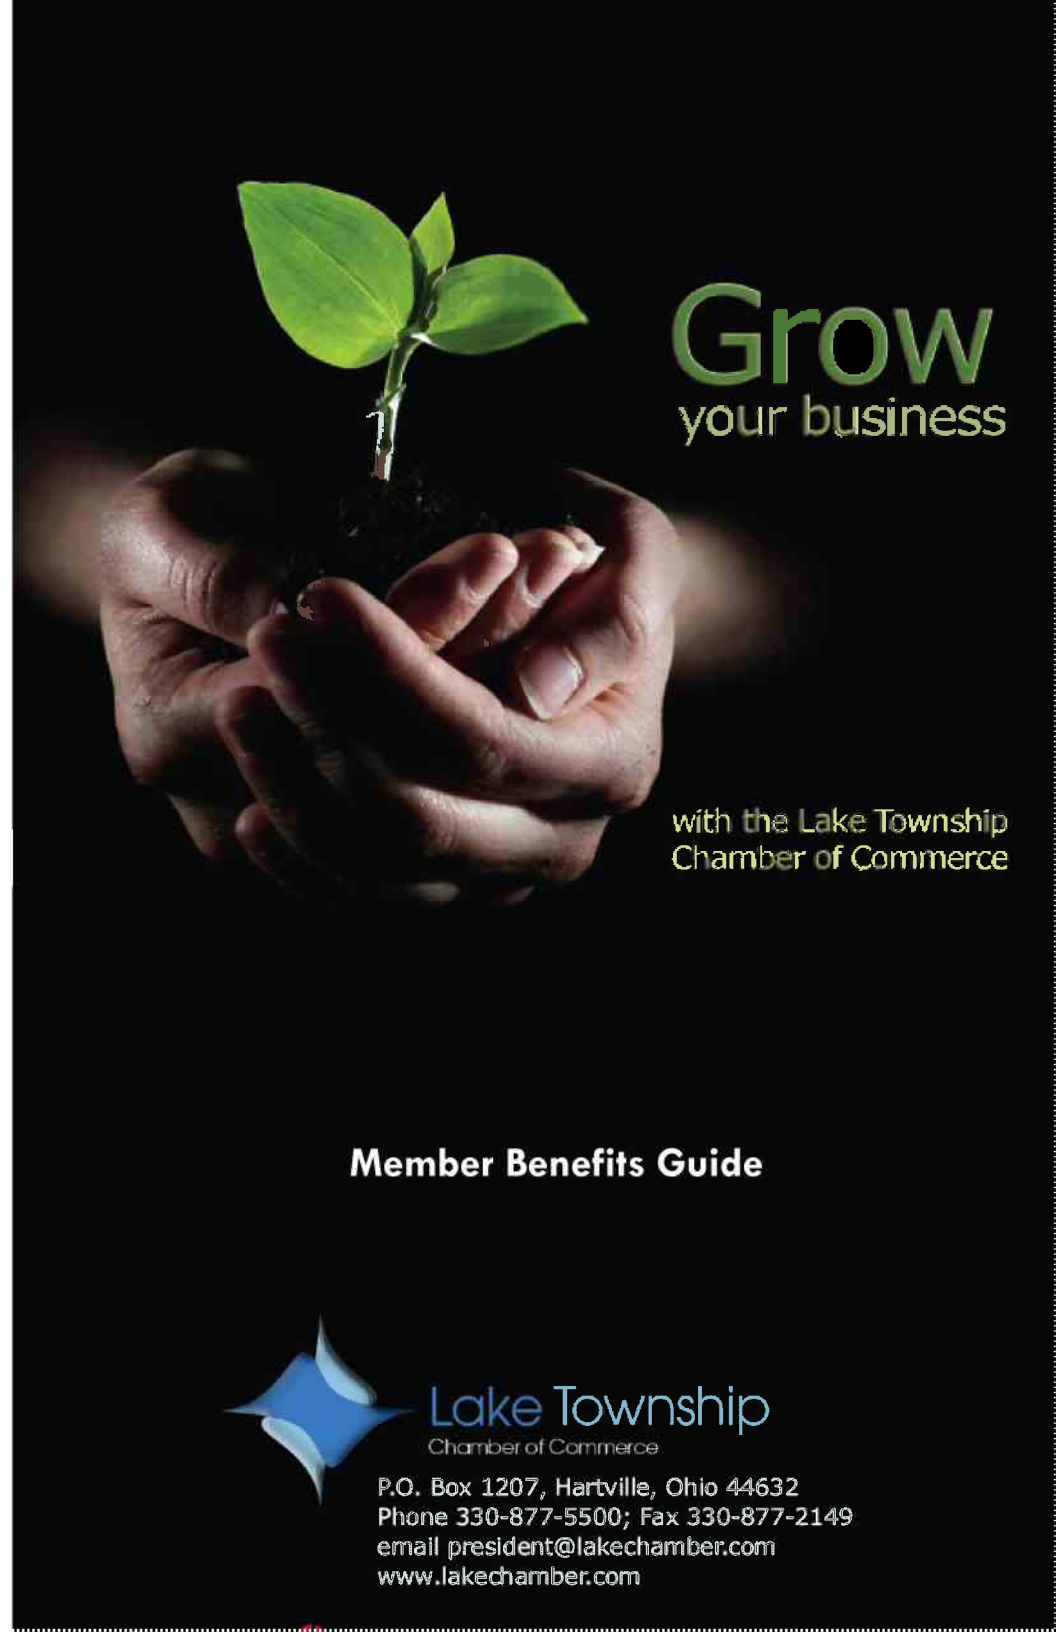

The Chamber provides a clearinghouse of information needed by prospective industrialists, visitors, potential residents and local businesses who are interested in learning more about the area.

### **An expediter**

In serving the business community, the Chamber is devoted to activities devoted to activities designed to create more community wealth. As payrolls are expanded, more jobs created, everyone stands to participate in the growth. More people, more sales opportunities, more money, more tax revenue and the resulting increased services all add to making Lake Township an even better place to live and make a living.

### **Another front office**

The Chamber is the place where visitors gain their first impression of the hospitality and soundness of our community. This office reflects the energetic outlook of our civic leaders in the business community. It is a rallying point for community development.

**Grow**  
your business

with the Lake Township  
Chamber of Commerce
